For Immediate Release
August 2005

BOSTON, MA and LONDONDERRY, NH – A&M Construction was recently selected to complete two projects for DHL Express, an arm of DHL's global delivery network. One project involves office renovation of the DHL Express facility in Londonderry, NH; the other project includes modifications to both warehouse and office space at the DHL Express facility in Boston. Both projects are in the pre-construction phase, with construction scheduled to begin in the next two months.
